

UrbanShieldMH-UltimateEdge

The UrbanShieldMH-UltimateEdge provides maximum-area rifle-protection coverage as a drop-in replacement for hard plates. Its strike face of imbricated Vercob₄C™ tiles is backed by a soft ballistic fabric: It molds snugly to the body, moving with the wearer, yielding unrestricted movement and *comfort*.

Ballistic panels are in water-tight nylon covers. Length and width dimensions are ± 0.25 ". Panel thickness is 1.2"

*Ballistic margins are based on ballistic tests with the M855 (green tip) at muzzle velocity, NTS-Wichita.

Size	Weight (lbs)	Ballistic Margin* (in)
Extra Large	7.9	0.50
Large	6.9	0.50
Medium	6.0	0.50
Small	5.2	0.50
Medium-LE	6.3	0.50
Small-LE	3.0	0.50

Made in the U.S.A.
