

UrbanShieldMH-RectangularCut

The UrbanShieldMH-RectangularCut provides enhanced upper torso protection, and is a drop-in replacement for hard rectangular plates. The armor flexes towards its center when assuming shooting postures. Its strike face of imbricated Vercob₄C™ tiles is backed by a soft ballistic fabric: It molds snugly to the body, moving with the wearer, yielding unrestricted movement and *comfort*.

Ballistic panels are encased in water-tight nylon covers. Dimensions are $\pm 0.25"$. Panel thickness is 1.2".

LE Cuts

*Ballistic margins are based on ballistic tests with the M855 (green tip) at muzzle velocity, NTS-Wichita.

| Size | Weight (lbs) | Average Ballistic Margin* (in) |
|-------------|--------------|--------------------------------|
| Extra Large | 8.0 | 0.50 ± 0.11 |
| Large | 6.6 | 0.67 ± 0.21 |
| Medium | 6.1 | 0.51 ± 0.11 |
| Small | 4.9 | 0.70 ± 0.20 |
| Medium-LE | 5.8 | 0.68 ± 0.20 |
| Small-LE | 4.0 | 0.50 ± 0.11 |
